IMPORTANT INFORMATION REALTED TO STAMP DUTY

Documents to be executed and Stamp Duty and Registration Charges Applicable -

In Tamil Nadu earlier there were two type of documents that were executed and registered for a Unitone was Construction Agreement and another was sale deed/sub lease deed for undivided share in land (UDS). The stamp duty and registration charges applicable on Construction Agreement were 1% and 3 % respectively. Stamp Duty and Registration Charges applicable on Sale Deed/Sub Lease Deed for UDS was 7% and 2% respectively.

However, government of Tamil Nadu vide G.O. No. 131 dated 01.12.2023 decided to do away with the current procedure of registering of 2 documents separately for land & building and instead has introduced a procedure of single sale deed/sub lease deed for the units however there is no clarity as to the agreement to be executed for the unit and stamp duty & registration charges applicable on the same. As per the Sub Registrar there is no clarity on applicability of the stamp duty & Registration Charges on the Construction agreement and their is ambuguty as the the categorisation of the categorization of the agreement under construction agreement or not.

The documents will be registered as and when clarity is obtained. However, if the Government does not revoke the said circular, the allottee will accordingly be liable and responsible to pay the stamp duty and registration charges applicable as per current structure on agreement /lease deed or amendments introduced from time to time.

AREA DETAILS

- 'CARPET AREA as per RERA' means the net usable floor area of an apartment, excluding the area covered by the external walls, areas under service shafts, exclusive balcony or verandah area and exclusive open terrace area, but includes the area covered by the internal partition walls of the apartment.
- **BUILT -UP AREA**' is the sum of carpet area together with exclusive balcony /verandah area{covered or uncovered) and the area under the external wall, in case there being a common wall between 2 apartment then 50% of the thickness of such wall.
- SUPER AREA' has no commercial bearing. However, before applicability of Real Estate Regulation Act, immovable properties were generally sold on Super area basis. It is now very difficult for the allottees to compare between the unit sold on Super Area and the units being sold on Carpet Area basis. Therefore, for the purpose of making it comparable with the properties sold prior to applicability of Real Estate Regulation Act, Super Area of the unit is being provided. Consideration of the unit is dependent on Carpet Area and exclusive balcony or verandah.
